Description:
An enchanting world of surprise and adventure!

C.S. Lewis has created a unique world full of surprise, adventure and imaginative enchantment. After leaving wartime London to stay in the English countryside, the four Pevensie siblings discover an old wardrobe that leads to the fantasy world of Narnia. In magical, snowy Narnia, the children make friends with the frightened forest people who have almost given up hope for the return of the great lion, Aslan, who is their true ruler. There is a fierce battle with the White Witch to see whether this magical country will remain under a wintry spell or will, once again, know freedom and summer under good King Aslan. A charming play about faith, courage and the love of freedom.
